

## A CHEESE FACTORY.

### A. L. W. Nelsson of Sweden Likely To Open One Here in the Spring.

A. L. W. Nelsson of Sweden, who has been here for several weeks will possibly open up a large cheese factory here next spring. He has been in America just ten weeks, but is learning the English language very rapidly. He says, "When I arrived in New York ten weeks ago all the English I knew, was ham, eggs, beef. I can now understand English better than I can speak it. I will be here until spring and will possibly open up a creamery and cheese factory, after I learn the language and get better acquainted with the people. I like America very well and I think Roswell is a nice place. The Americans take off their hats only to the ladies, but this is different in Sweden. We bow and take off our hats to every one we meet that we are personally acquainted with."

"There will be a large number of Finnish and Swedish people who will come to Roswell later on from the old country to locate in the Pecos valley. I take THE DAILY RECORD and study the words in it every day." Of course the above interview is not the exact words of Mr. Nelsson, but it conveys what he said in broken disconnected English.

### Wedding Anniversary.

A delightful surprise was perpetrated on Mr. and Mrs. D. L. Geyer last night by a score of their friends, in honor of their tenth wedding anniversary. The surprise was complete; and all the stammering groom could say was "Well I declare," while the blushing bride said "What is coming next?" A merry time was spent in conversation, jokes and games until refreshments were announced, which was another surprise for the favored couple. Unknown to either of them a feast had been spread at the home of their daughter, Mrs. S. P. Johnson and it was there the company now repaired. Such a supper as that was! Mr. Martin wished wedding anniversaries would happen every few days.

At a reasonable hour the self invited guests retired, wishing their host and hostess a large share of the best things life affords. A number of useful presents were left as a remembrance.

The guests were Mrs. and Mrs. C. C. Martin and family, Mrs. Thompson and daughter Ruth, of Omaha, Neb., Mr. Grigla, Mrs. of Mrs. McKay, Miss Effie Audrain, Mr. and Mrs. C. F. Geyer, Rev. and Mrs. J. L. Anderson, Miss Holt, Miss Moorley and Miss Edith Geyer.

### More Observation.

#### TO THE RECORD:

"An interested observer" seems to be quite a "Rajah" and seems to be really annoyed because the ladies of town took pleasure in helping the band to secure a few new instruments instead of fall at the feet of the fire department. Mr. "A. I. O." wants the ladies to "do this" and "do that." People have died of want. Did it ever strike Mr. "A. I. O." that the City government should attend to the wants of the Fire Department. Now the band is "essentially of the people and for the people." The baquets of the band are for the people twice a week and not for a few "big guns" and our selves once in two months. Did Mr. "A. I. O." ever notice that the Roswell band has a reputation all over the Territory as being one of the best in New Mexico? How about the Fire Department? Enough of this. If Mr. "A. I. O." will expend a little of his surplus irony and energy in trying to secure new members for the Fire Department instead of trying

(very nobly, I'm sure) to "run down" the band he will find none so ready to help him as the very band that causes him to lose so much sleep. I believe the reason the band has decided to take a vacation was to give Mr. "A. I. O." a few nights sleep before the winter sets in.

Yours truly,

Hon. Jerry Simpson and Don A. Sweet drove Judge E. J. Hamner and E. W. Bounds of Colorado City, Texas around to the farms and orchards yesterday afternoon. Both of the gentlemen were highly pleased and Judge Hamner declared the trip was an entertainment, education and pleasure.

### Roswell Club Meets.

The Roswell Club met last night and the Chamber of Commerce will meet to-night to make arrangements for the entertainment of the Hearst party Monday morning. At present the plan seems to be to meet the party at South Springs with vehicles and bring them to Roswell through the big orchards, farms and Lover's Lane. On the way to treat them with bountiful supplies of apples, pears, peaches and fresh cider, and all the luxuries their country is heir to. Also to send with them a supply of all these that they may be reminded in a tasty manner of their Roswell visit.

The committee appointed by the Roswell Club on transportation is W. G. Hamilton, Teddie Bedell and C. W. DeFreest. The merriment committee of the Club

## THE CIRCUS HERE.

### A Large Crowd on the Streets And at the Performance.

The much read about, talked about and advertised Norris & Rowe's big shows arrived by a special train this morning. There was quite a large crowd of men, women and children on hand at an early hour to see the hundreds of animals unloaded from the train. A still greater crowd gathered at the show grounds to watch the erection of the big tents and when the street parade appeared the entire populace seemed to be on the streets. The pageant surpassed in neatness and splendor any circus parade before given here. There were countless animals of various sizes and kinds from elephants to monkeys. There were fully a hundred shetland ponies in the procession, most of them drawing chariots, cages and other vehicles. An immense crowd filled the tent this afternoon, and unanimous opinion was that it was the brightest and best tented shows that have ever visited this city. The charms of the sixty or seventy happy intelligent dogs, the three ungainly little elephants and scores of silken coated ponies, not to mention the comical monkeys and bewhiskered goats, have such a strong hold on the little folks, their cousins, uncles and aunts, papas and mammas that the owners are sure of financial success. One never grows tired of watching the marvelous feats of this aggregation of animal ac-

## YANGER VS. CLIFFORD.

### A Ten Round Bout With Gloves at Davenport Iowa.

Chicago, Oct. 16.—Boxing being under the ban in Chicago at the present time, the eyes of the local ring followers are turned toward Davenport, Iowa, whither a considerable delegation will go tonight to witness a boxing show slated to be pulled off in that city. The magnet that will serve to attract the sporting fraternity is a ten round bout between Benny Yanger of Chicago and Jack Clifford. The latter comes from the west with a record of having achieved much success in the fighting game in Montana, Utah and other sections thereabouts. Among the Chicago fraternity he is comparatively an unknown quantity and they are looking forward with considerable interest to see what kind of a showing he can make against such a clever and hard-hitting fighter as Yanger.

### BANK ROBBERED.

Thieves Get Away on a Hand Car With \$5,000.

Sioux Falls, S. D., Oct. 16.—The bank at Viberg was robbed of \$5,000 last night. The thieves were seen at work by citizens who did not venture on the streets which were patrolled by armed robbers.

After securing their booty the robbers escaped on a hand-car.

### TRAIN WRECKED.

Engineer and Fireman Save Themselves by Jumping.

Denver, Colo., Oct. 16.—A Union Pacific extra freight, No. 1896, collided with another freight, No. 21, bound for Cheyenne and loaded with telegraph poles. The collision occurred near Pullman station. A bad wreck resulted but the engineer and fireman of both trains jumped in time to escape injury and none of the cattle with which one of the trains was loaded was hurt.

### CHASE GAVE UP PAPERS.

That Was the Mission of Lieutenant Poage to Denver.

Cripple Creek, Colo., Oct. 16.—Adjutant General Bell in an interview said that Lieutenant Poage was sent to Denver for the purpose of compelling Gen. Chase to give up certain papers in connection with the militia and the Gen. Chase gave them up on demand.

### A SIGN OF PEACE.

That is the Signification of a Change of Command.

Berlin, Oct. 16.—Rear Admiral Von Prittwitz sailed today on the passenger steamer for Shanghai, where he will take command of the German eastern Asiatic squadron, succeeding Rear Admiral Goltz. The announcement of this change of command was accompanied by the information from the navy department that this change would not have been made if war between Japan and Russia was probable.

### BOUNDARY REPORT UNTRUE.

To-Day's London Morning Advocate is in Error.

New York, Oct. 16.—The London Associated Press has the highest authority in saying that the announcement by the London Morning Advocate this morning that the decision of the Alaskan Boundary Commission virtually concedes the American case is entirely untrue.

The Commission thus far has not reached a decision, and no vote has even been taken in private session to indicate in any way the position of Chief Justice Alverstone. While confirming this statement the St. James Gazette adds that "there is increasing pessimism in Canadian circles."

London, Eng., Oct. 16.—The Alaskan Boundary Commission has adjourned until tomorrow without making any announcement as to decision.

### The Lost Child.

A Mrs. Handley and her five year old son came in to attend the show. The little fellow got lost from his mother on Main street and Marshal Pilant found the lost child on the street after two hours search and returned him to his distracted mother.

Judge Lea went to the show this afternoon to take his three grand children. However it would not require a rope to get the Judge there if he had no grandchildren—and he confessed up.

tors and they are continually adding new animals and teaching the old ones new acts. The baby elephants have learned an entirely new lot of stunts, the seals are more wonderful than ever and the funny monkeys and clown dogs have discovered a lot of new ways to cause laughter. The hippodrome races at the close of the show were run with the same dash and spirit that characterized every act of performance. There will be another show to-night.

### People Stood Aghast.

Frank Hall does not understand the name of fear. This afternoon he whipped the largest lion in captivity until it foamed at the mouth, and when his attendant opened the door of the cage and Hall sprang in the people stood aghast. The lion's roars were terrifying, and Hall fired a revolver off twice and drove the lion to the end of the cage. If Hall had been torn to pieces there would not have been any regret, as it is a very foolish act. The performance will be repeated again tonight. Hall is an Englishman and has been fighting lions for fifteen years.
